

KIDS OF MALAWI UK

Who We Are

Our vision is simple. A Malawi where all children have an opportunity to live healthy and happy lives.

Our mission is to provide quality care for sick children in one of the world's least developed countries. We try to do this by increasing staffing and training in hospitals in Malawi. We've just started, after a few false starts. Our priority for now is improving healthcare in Kamuzu Central Hospital in Lilongwe, Malawi

What we want to do

We are health professionals - we see the problems first hand, and can implement solutions fastest. In an environment where delaying leads to death we are in a unique position.

There is a lot that needs to change in Malawi. Change starts with people. At Kamuzu Central Hospital, that starts with us. Through Kids of Malawi, we want to recruit more doctors and nurses, train and equip them better. A simple set of steps which can bring profound changes to the people of Malawi.

We are developing our first programme to improve staffing on paediatric wards in Malawi. More details will follow shortly.
